

President in Residence Series

CURRENT TRENDS IN HAZING

Wednesday, January 31 at 2:30 PM ET

Using his experience as an expert witness, CMSI and Proctor Institute President in Residence Walter Kimbrough will cover recent trends in hazing, including the differences between culturally based groups. This webinar will provide an overview of the history of hazing at higher education institutions, discuss how hazing manifests today, and describe the legal challenges facing individuals and organizations due to hazing.
